Subject: Admission request - Student ID: 1210047500

Dear candidate,

We are pleased to inform you that following the evaluation of your application by the **Faculty of Law, Economics and Finance**, you have been **conditionally admitted**¹ to the University of Luxembourg for the following course: **Master of Science in Finance and Economics - Digital Transformation in Finance, Semestre 3**, for the **winter semester 2022-2023**.

Please note that your **completed application file** for an **authorisation to stay as a student** must reach the **Ministry of Foreign and European Affairs – Immigration Directorate by 1st July 2022 at the latest**.

Thus, we recommend that you apply as soon as possible.

If you miss this deadline, we would be obliged to cancel your conditional place at our University.

As soon as you receive your authorization to stay, **you must submit** to the Ministry of Higher Education and Research an application for registration in the register of titles of your higher education diploma giving access to studies leading to a master's degree no later than 1st October 2022.

Attached you will find details of the procedures

- related to gaining official permission to live in Luxembourg.
- to submit an application for registration of your diploma to the register of titles (procedure for academic recognition of the qualification in question)

As the registration of your higher/university degree in the register of title is an imperative condition for your admission to the University and for the issue of your residence permit, we encourage you to wait for the receipt of the registration of your degree at the register of titles before coming to Luxembourg.

Without this document, the University will not be able to validate your final registration and without a final registration, the Ministry of Foreign and European Affairs - Directorate of Immigration will not be able to issue you a residence permit. That means that you will then be asked to return to your country of origin since you will not meet all the requirements.

Please also complete and sign the attached declaration and present it to us on your arrival in the Grand Duchy of Luxembourg. This and paying your fees will be necessary to make your application definitive.

Please do not hesitate to contact us if you have any further questions.

Yours faithfully,

Study finance plan

It is worth underlining that making the most of your studies and living in Luxembourg will depend not just on your personal abilities and motivation, but also on your material well-being.

As part of your preparation, please send us your study financing plan (see page 4).

This should describe - in as much detail as possible - the financial resources you expect to be available to you on your arrival and throughout your stay in Luxembourg.

Estimate of a monthly budget for a student in Luxembourg

Below is a guide to some costs you are likely to incur: both variable costs (depending on your decisions related to housing, meal choices etc.) and fixed costs.

According to the Ministry of Foreign and European Affairs, a student's financial needs correspond to at least 80% of Luxembourg's social incursion income. This equates to a monthly budget of **1,900 €** to cover costs such as:

University enrolment fees	200 € (minimum)
Medical insurance	280 €/semester
Student residence	450 €/month
Rental insurance	130 €/year
Rental guarantee	450 €/year - reimbursed at end of tenancy
Meals (5 € each)	300 €/month
Mobile subscription	30 €/month
Leisure (cinema, sport, evenings out, ...)	150 €/month
Educational material	+/- 400 €/year

On arrival you will need around 2,500 € to cover the following costs: course fees, medical cover, rental guarantee, a month's rent, rental insurance and food.
